Kia ora,

As per my last email, David would like to do an on-site visit this week; Thursday, 3 November, between 8:30-4, is the date that works best for those that replied.

If this date works for you and you would like David to visit your site, please let me know ASAP with the time you would like, and I can prepare a schedule for David.

If I don't hear from you, I will take that as you don't want a visit.
